

Item Condition Guide

We pride ourselves in providing authentic and honest assessments of the products we carry. All items are meticulously inspected and documented as part of our in-house authentication and pricing process.

New	Unused item	Item appears unused. May contain faint signs of wear due to storage conditions.
Pristine	Used but with little or no indication of handling	Item is in superb condition but may have inconsequential flaw. Usually in almost new condition where it may have been used just once or twice.
Excellent	Very minor flaws	Item is used but has very little wear. Any notable imperfections are highlighted in the listing.
Very Good	Minor flaws	Item shows some minor wear. Flaws are highlighted in the listing.
Good	Moderate flaws	Item shows moderate wear. Flaws are highlighted in the listing.
Fair	Significant flaws	Item has flaws or defects that affect its appearance or usage. These are highlighted in the listing.

IMPORTANT NOTES:

Description references for hardware, unless otherwise specified, describe the colour and are not meant to refer to the type of metal.

Whilst every effort is made, it is not always possible to depict colour touch-ups on used bags.

As items come to us from private collectors, dust bags and boxes, if provided, may not always match the item.
